

Elite Plus Residential Elevator

the perfect elevator
for your home

AmeriGlide
ACCESSIBILITY SOLUTIONS

Design to Suit Every Need, for Life.

Introducing the all-new 2019 redesigned Elite Plus. Fully Extruded Aluminum Rails come in lightweight modular sections. Provides ultra-smooth ride and reduces installation times drastically.

Modern cab design comes standard with brushed aluminum trim, stylish luxury cab choices, clear acrylic cab gate and modern LED lighting. Removable panels allow for easy future design changes. Full commercial rated digital variable speed valve and digital position indicators also come standard!

Priced competitively, there is no more elegant home elevator on the market. For those ultra-custom applications, we have the Elite Plus HD, Glass Cabs, 96" Cab Heights, 1400 Capacity (where permitted). These are just a few features for our full custom design engineering elevating system.

A Touch Of Elegance

Solid stainless steel handrails, durable yet elegant coupled with a wide array of cab material options ensure that you have the desired configuration for your home.

Premium Materials

Attention to detail is reflected in the choice of premium materials. High-end extruded aluminum, and polycarbonate Lexan offer a finished and superior product.

Sleek & Functional

Modern materials, elegant design, safe and reliable. Everything you want in your home elevator.

Elegance, Performance, and Design

These standard features come on every Elite Plus Elevator. No extra cost, just great value!
